

A bleach-free, phosphate-free HOCl cleaner in concentrated powder form, made in Hawaii, USA and sold manufacturer-direct. A compact consumable that reorders itself and protects your margin.

■ ATTRIBUTES

Bleach-Free

Phosphate-Free

Made in Hawaii

Plant-based surfactants

Concentrated powder

MAP-protected pricing

■ POSITIONING

- Cleans, removes dirt, residue, and buildup, freshens, and neutralizes odors and stains at the source.
- For tank walls and surfaces, plus pool, spa, RV, and outdoor cleaning add-on placements.
- A consumable by design: customers use it up and reorder on a cycle.
- Concentrated powder means less water shipped, a smaller package, and more units per pallet than ready-to-use liquid.
- Manufacturer-direct with enforced MAP, so every authorized account sells above the same advertised floor.

■ CASE PACK

Unit	Contents
Display box, 100 gram	8 packets
Display box, 400 gram	6 packets
Master carton 1	28 packets (16 + 12)
